13	National level e-quiz series "Game of Knowledge"	27 <sup>th</sup> June to 2 <sup>nd</sup> July 2020	Computer Science	976	Engage the audience in a unique, fun way and connect them to our brand or learning material. By creating a returning event, students will improve our consumer loyalty. Taking online quizzes makes it possible to have a large number of participants. It could be up to a number of 1000 participants. It is significantly easier to randomize our question with just one click than to do it all manually. Randomizing questions and even answers of those questions is not a lot of work to do with online quizzes. Besides the advantage of time saving, it also helps prevent students from cheating. Another plus of online quizzes is getting immediate results from your participants. Not only does the creator get the results, the participant itself is also able to get his or her results. This makes it easy for the creator to identify the gaps in knowledge. The participants are able to view what kind of section they have to improve themselves.

Plan of Action		Achievements/ Outcomes
